WORK EXPERIENCES

LCD Pharmacy

Los Alamitos, CA

Licensed Pharmacy Technician

November 2023 – May 2024

- Managed daily filling operations for long-term care facilities, ensuring accuracy and compliance.
- Specialized in dosis packaging to optimize medication administration and patient safety.
- Demonstrated exceptional organizational skills in fast-paced environments.

PROJECTS

Low Shift Productivity App | React.js, JavaScript, TypeScript, Firebase API

February 2025 – May 2025

- Designed and developed a full-stack web application focused on workplace productivity, including features such as shift scheduling, hourly clock-in/out, and employee task management.
- Implemented Firebase for real-time data handling and authentication.
- Collaborated with a team to ensure responsive UI/UX and maintainable code architecture.

Ignis AI | JS, Express 4, Mongoose, Axios, Canvas, Python, NumPy

February 2025 – May 2025

- Created a full-stack web application that detects and visualizes wildfire spread in real time using satellite data and AI models.
- Utilized Python and NumPy for fire prediction algorithms, with data fed into a web frontend via Express and RESTful APIs.
- Implemented dynamic data visualization using HTML Canvas and Axios for live updates.

Personal Portfolio | HTML, CSS, JS

- Designed and developed a responsive personal portfolio to showcase projects and technical skills.
- Ensured cross-device compatibility and SEO-friendly structure.

CERTIFICATION AND LICENSES

Registered Pharmacy Technician License

January 2022 – October 2025
